Hi John,

Following confirmation of works completed this week, I would just like to express my thanks to you and your team for the tremendous effort put in this week.

The number of circuits delivered this week is 20 with 8 being completed by TCC (Liverpool (5) build by **ICEE**, Leicester (3) build by **ICEE**) and 12 circuits being fully completed by **ICEE**.

We still have a fair way to go on the project but please pass my thanks onto your engineers for this week's effort.

Regards,

Jim
